# COMPANY LEGAL STATUS

---

## Incorporation Information

Established: 2012  
Registered No: 2012/020000/07  
Trading Name: Tswina Solutions (PTY) Ltd  
Vat No : 4410260253  
BEEE Status: Level 1  
Ownership: Directors

## Main Business Areas:

Renewable Energy Project Initiator, Developer and Project Funding Facilitator.

# THE COMPANY SINCE LAUNCH

---

TSWINA was initially launched in 2012. In its seed rounds for REIPP, the company got a preliminary approval of \$60 million from venture capitalists in 2014 for its 75MW Solar Farm Project in South Africa.

In 2015 because of policy uncertainty of government towards pv, wind and other technologies *ves a vis* nuclear energy our solar farm project was inordinately suspended because of the lack of investors confidence.

Fast forward to 2019 South Africa has become an lucrative environment for renewable energy businesses.

As a company we have partnered with multinational renewable energy OEM,ODM and financial investors with more than 15 years experience who are ready and willing to invest their unlimited million US dollars in energy transition to 2050 Net Zero. .

# FOCUS AND APPROACH

---

## PREAMBLE

Tswina as a developer identifies projects that viable (economically), and/ creates opportunities.

As a company we work on commercial and industrial PPA's for periods of between 15 to 25 years, and run parallel to quazzi financial models (BOO/ BOOT).

The financial model of projects varies due to the uniqueness of each project.

We are continuously exploring projects that may be available outside of South Africa: Africa and the world-over.

# OUR COMPANY: PURPOSE AND DIRECTION

---

## **Vision Statement**

Just do it right, the simple way, the best way always.

## **Mission Statement**

# **ENERGY GENERATION, TRANSMISSION, DISTRIBUTION**

---

## **COMMERCIAL, INDUSTRIAL AND AGRICULTURAL SYSTEMS.**

- Green Ammonia / Hydrogen Production,
- Hybrid Systems Wind/ PV,
- Off Grid Systems,
- Islanders Systems,
- Microgrid Systems.

**OUR STRATEGIC PARTNERS/ EXCLUSIVE DISTRIBUTOR**

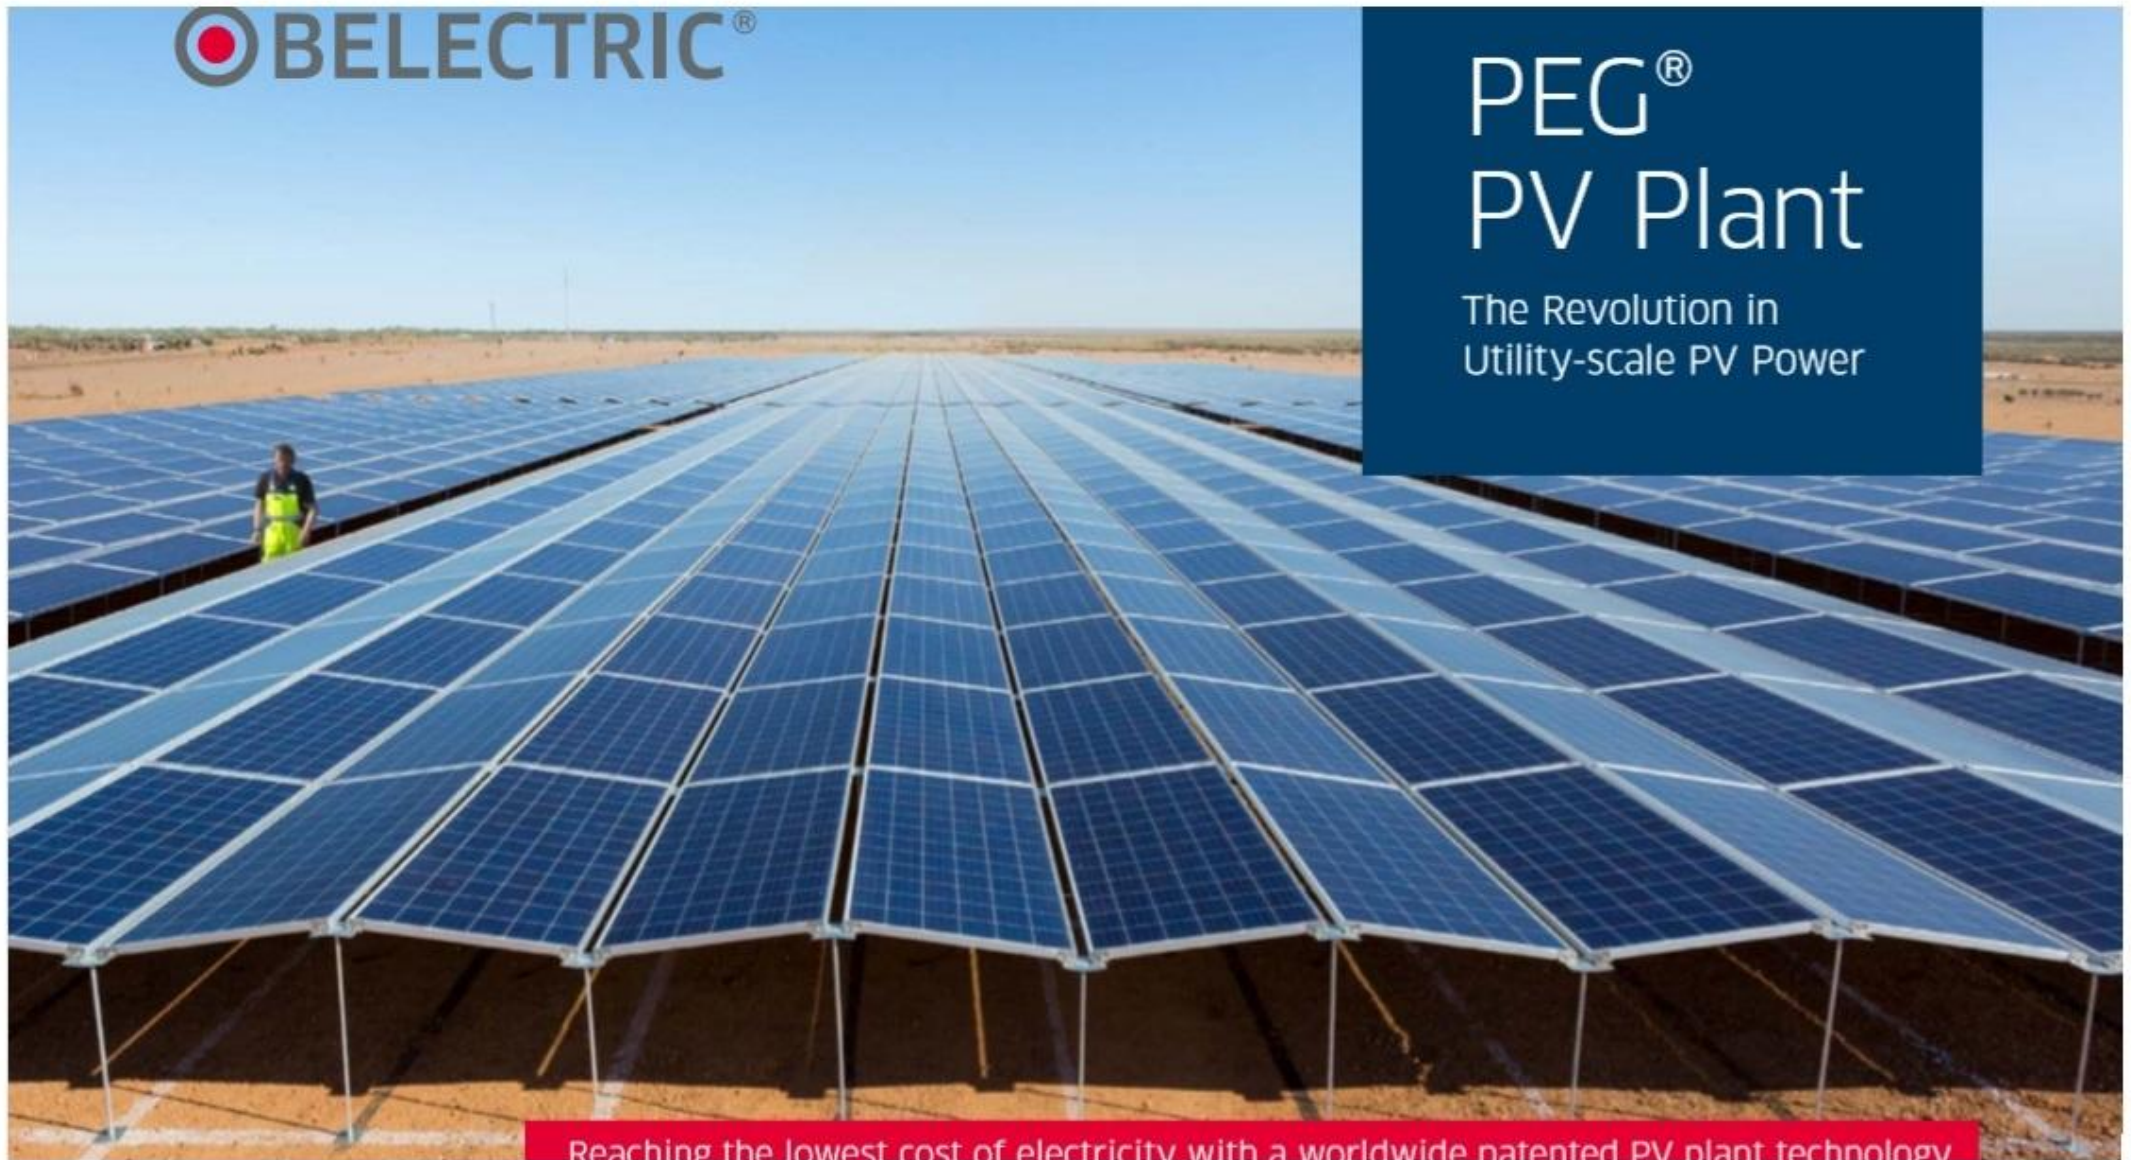

---

aleo

MANUFACTURER AND EPI

# LEADERSHIP, MANAGEMENT AND TEAM

---

## **President & Founder**

### **Dr. Terrance Mpofo,**

Dip. Project Management, Dip. Technologies for Clean and Renewable Energy Production, Cert. Finance for Energy Projects, Dip. International Finance, Advanced Dip. Legal Studies and Business, Solar PV Projects Management Cert.  
30 years Entrepreneurship, Initiator and Innovation..

## **Mr. Farai Chikuni**

### **Snr. Renewable Energy**

Very strong Electrical Engineering experience background and education. B-Tech (Hons) degree in Electrical Engineering in High voltage Electrical Power Systems, Building Services , Manufacturing , ICT and Audit Systems.  
20 years of industry experience

## **Non-Executive Director**

### **Karabo Makgata**

MBA Business Administration,  
B-Optom. Diagnostics, HCert  
Ergonomics  
15 years Experience

## **Marketing Manager**

### **Excellent Ngwenya**

7 years experience

## **Financial Consultant**

### **Mr. Daniel N. Robin**

More than 15 years MW  
project funding.

# ADDRESS AND CONTACTS

---

## OFFICE

46 Frikkie Van Kraayenburg  
East End,  
Bloemfontein, 9301  
SOUTH AFRICA
